The screenshot shows a web browser window titled "Add Category - Google Chrome" with the address bar displaying "localhost:6363/RefCodesEdit.i4". The main content area contains a form with two columns of category lists. The left column, titled "Field Categories", contains a single item "Report" which is highlighted. The right column, titled "Ski Team", contains a list of ten items: "Agency", "Athlete", "Athlete Location", "Athlete Payment", "Booking", "Camp", "Campaign", "Hierarchies", "Parameters", and "Time". Between these two columns are two buttons: "Add >" and "< Remove". At the bottom left of the form is a blue link that says "+ Create New Category". At the bottom right are two buttons: a grey "Cancel" button and a blue "Save & Close" button.
